

[facs] UTIPS Review Tests

Jamie Lemon [jlemon at dcasd.org](mailto:jlemon@dcasd.org)

Mon Apr 28 14:27:40 MDT 2008

Here is an answer to some of the queries about state test reviews.

I have the following UTIPS review tests available.

- * Foods 1 (already published due to high demand)
- *Clothing 1
- *Advanced Foods (I've only taught this class once in Utah, so I don't know how good my review is)
- *Adult Roles (I haven't taught this since last year, so it hasn't been updated)
- * Child Development (not yet published)
- * Interior Design (not yet published)

I will be publishing Child Development and Interior Design in a couple of weeks. I don't like to publish them too early in case my students decide to use them to get answers for remaining unit tests.

I will be teaching a session on UTIPS at summer conference for anyone who wants to learn more and build their own tests.

My site is: lemonkitchen.dud.utips.org

Good luck with your reviews and testing!
